The United Kingdom

The United Kingdom is made up of 4 countries, England, Scotland, Ireland and Wales.

What continent is the UK in?

We live in **Walton-on-Thames**, a town in the south of England!

Can you compare the photos of St Mary's Church, what is different? This is a map of Walton from 1932. How is it different, what has changed?

The first bridge in Walton was a wooden bridge that was around 1750.

Physical features like seas, mountains and rivers are natural. They would be here even if there were no people around.

Human features are things like houses, roads and bridges. They have been built by people.
